Lyrics

Halloween is really neat, you can **scurry** with your feet. And you can go door to door, get some candy, but there's more!

Just as our parents always did, back in the days when they were kids. Trick-or-Treat is not enough, so Trick-or-Treat for UNICEF!

And be the change ...
To change the world...
You can help us with your change, and help the world's boys and girls.

And be the change...
To change the world...
You can help us with your change, and help the world's boys and girls.

It's such a little **task**, get your costume, grab your mask.
Let's be kids helping kids, so grab your friends, and have a blast.

Cause it's a **simple** fact that you can have a big **impact**!
Cause what's right is what we got left. Trick-or-Treat for UNICEF!

And change the world... With some change...Get dressed up in your costume, be it silly, be it straight.

And make the world... A better place. Just a little bit of change will put a smile on some kid's face.

Don't you wanna take a stand, lend a hand, give some help?
Don't you wanna impact the world in which we live?

Don't you wanna give some time, give a nickel, give a dime?
Well, do it the way our parents always did.

Don't you want to help **educate**, provide **relief**, **alleviate** struggles in which other children live?

Don't you wanna give a quarter, help provide some drinking water? Don't you wanna take what's wrong and put it right?

Don't you know that just a penny helps provide toys for many? Don't you know that Halloween's the perfect night?

Don't you know that Halloween's the perfect night?

For every child everywhere will be helped out if you **dare**. So many lives will be better in the end.

Candy **sack** held in your right hand, your change box in your left. It's not just Trick-or-Treat, it's Trick-or-Treat for UNICEF!

It's time for change ...
To help bring change ...
It's amazing just how far it goes,

How it takes away some pain.

So be the change ...
Cause it's what's right ...
t's amazing all the good to do on the Trick-orTreating night.

Some children have it **tough**, yes, their lives are really **rough** (ruff)! Children all across the **globe** in which we live.

And so on the scary night, give a scare, give a fright. Give your time, give some change.

Let's GIVE, GIVE, GIVE ...
Give your time, give some change,
Just GIVE, GIVE, GIVE ...
Trick-or-Treat for UNICEF!
